Huijue Group's Home Energy Storage Solution integrates advanced lithium battery technology with solar systems. Ranging from 5kWh to 20kWh, it caters to households of varying sizes.

Support max. 4 cabinets in parallel, friendly for medium-sized project integrators.

Our main products are solar inverters, solar charge controllers, energy storage systems, batteries, etc., which are widely used in home, commercial, and industrial domain, providing customers with high ...

High integration Modular design, convenience for operation and maintenance Unit building block function, support parallel connection of multiple cabinets on the AC side Power and energy density ...

The MEGATRONS 373kWh Battery Energy Storage Solution is an ideal solution for medium to large scale energy storage projects. Utilizing Tier 1 LFP battery cells, each battery cabinet is designed for ...

High voltage and large capacity: Meet the energy storage needs of high power and large capacity, store more electric energy, and provide stable power support for large electrical equipment or systems.

The solar battery storage cabinet can be efficiently utilized both in large-scale Solar Farms and residential solar systems for green energy storage, guaranteeing stability and security in the power ...

QINKUAL's 1500V 0.5P DC Liquid Cooling Cabinet offers 215kW with nominal energies of 418kWh and 422kWh. With IP55 protection and 0.99 PCS efficiency, it features high energy density for frequency ...

It offers seamless integration with various mainstream battery brands and technologies, providing flexibility and reliability. Ideal for projects requiring efficient power management and space-saving ...

1500V Liquid Cooled Battery Energy Storage System (Outdoor Cabinet). Easily expandable cabinet blocks

1500V power storage cabinet for residential community

can combine for multi MW BESS projects.
