We design, manufacture, supply and install off-grid and grid-tie solar systems for commercial, industrial and residential applications.

Senegal has begun commercial operations at a new solar energy facility that combines photovoltaic power with lithium-ion battery storage, the first of its kind in West Africa, as the country of over 18 million people moves ...

The company's project portfolio includes solar photovoltaic power plant Djermaya Solar. It develops its projects based on renewable and fossil fuel based technologies.

Once completed, the Khoumagueli Solar Power Station - the first solar PV facility in the country - will be connected to the national grid and supply electricity using existing transmission lines. The power ...

We specialize in lithium batteries, stacked batteries, small household batteries, solar cells, large industrial batteries, energy storage batteries, battery cabinets, backup power supplies, photovoltaic projects and ...

Guinea's capital has launched an ambitious photovoltaic energy storage policy to address its growing energy demands while reducing reliance on fossil fuels. With 62% of urban households still experiencing daily power ...

We specialize in large-scale solar power generation, solar energy projects, industrial and commercial wind-solar hybrid systems, photovoltaic projects, photovoltaic products, solar industry solutions, photovoltaic inverters, ...

Designed to overcome energy challenges in remote and rural areas, this solar energy solution is now the powerhouse behind a highly efficient agricultural operation -- supplying uninterrupted power to 16 ...

Conakry energy storage solar power generation products

STANFORD ENERGY - Professional energy storage solutions including electric power containers, photovoltaic containers, mobile power stations, outdoor site energy systems, backup power, and clean energy solutions.

o Sierra Leone Ministry of Energy for building Distribution Lines of 66 and 33 KV across the country, 200 MW hydropower projects and several Solar projects, MOU signed Dec. 2019.
