DRF-48V480W1GBA Delta Electronics Power Supplies - DIN Rail Mount DIN-Rail PS 480W / 48V (coated) datasheet, inventory, & pricing.

DRL-48V120W1AA - AC DIN Rail Power Supply 1 Output 48V 2.5A from Delta Electronics. Pricing and Availability on millions of electronic components from Digi-Key Electronics.

DRF-48V480W3GBA din rail power supply offers 48V 10A 480W output. Features, Built-in constant current circuit for charging applications, Full load operating temperature up to 55°C.

Delta Electronics Force-GT 48V 3-Phase DIN Rail Power Supplies are suitable for electric vehicle charging stations, semiconductor machinery, smart manufacturing systems, and industrial ...

DRL-48V120W1AA - AC DIN Rail Power Supply 1 Output 48V 2.5A from ...

DRP048V240W1BA din rail power supply offers 48V 5A 240W output. Features, Power Boost of 150% for 5 seconds, Certified according to IEC/EN/UL 62368-1.

With outstanding efficiency and low power consumption, the PMR-600W Series equips engineers with a space-saving, high-performance power solution for groundbreaking industrial and energy applications.

Delta's new 48V DIN rail power supply for the Force-GT Series delivers 480W & 960W with up to 96% efficiency, wide temp range (-40°C to 70°C), and robust design for industrial applications.

This price is for general public. Price may vary for registered customers. This email address is associated with more than one company. Please select the company you'd like to login to to continue:
