Enlightenment Gold Pieces, abbreviated in-game as E. Gold Pieces, are a currency added in Patch 7.25 that can primarily be earned by defeating monsters in the wild within Occult Crescent field zones. ...

This is an ideal place for items you may need to store/access often but never need them immediately. Only put raid/trial tokens in here if you actually like the look of an item they can be redeemed for.

There are now 227 cultural and tourist sites across Shanghai that offer luggage storage services.

If it's stuff you can buy/make/loot without much trouble, it's not worth keeping. If you genuinely don't want to go to the trouble of reacquiring, store in retainers. Specialty gear, such as seasonal or one-time ...

Gold coins from DRN can be used to get Law's Order armour, and DRS will also give you another kind of mat which can be used together with both the Law's Order set and the upgraded Bozjan set to get ...

Automatically track your character's mounts and discover how to obtain new ones.

There are two ways to go about using an FC chest to store items. You can use the Free Company chest of the Free Company you're in, but you must share the stored items.

Players can only access a Retainer's inventory when visiting them at a Summoning Bell. Players can place any type of item in here, including extra Unique/Untradable items meaning that Retainers can be ...

This is a comprehensive guide aimed towards players entering the endgame of an FFXIV expansion for the first time. FFXIV's gear progression system is very straightforward, but there are many ...

You don't need a house or apartment; creating an FC grants you access to the chest, which you can access in the 3 main cities at either the vendor area or the Grand Company area.
