Your choices (get off work, finish work, leave work) will all work fine finishing the question about a normal working day. I don't see much difference in formality, if any.

I'm not sure about what off means in the following text. It's an address contained in the footer of a letter from Wright Robinson College I'm translating. I don't think it's very important, but ...

Do you say "get off the phone" only to someone who's talking on the phone with someone else? Or can it also be said to someone who's just playing with his phone, gaming, scrolling facebook ...

Real Southeast Asia solar storage case studies with inverters, lithium batteries, and PV systems. Discover BESS growth trends, savings up to 70%, and grid independence.

Off-grid microgrids are transforming Southeast Asia, enabling energy access, resilience, and economic growth. For exporters, the opportunity lies in providing cost-effective, durable, and...

Off-grid energy storage refers to systems that operate independently without relying on a public power grid, or intentionally do not connect to it. These systems are usually paired with ...

What is the meaning of "off the back of something"? Also, I searched for any old posts in here, and I was able to find this one. Off the back of this Therefore, I am really confused whether "off ...

Hello everyone! In a meeting I have heard people say "I need to drop off the meeting" and "I need to drop off to another meeting", and I wonder if the use of drop off is correct in this ...

Hi, What is the difference of "get off my bed" and "get out of my bed"? Are they interchangeable? I was wondering if "off" is particularly away from the surface of the bed while "out of" ...

Off-grid solar energy storage cabinetized farms in southeast asia

Sunny Southeast Asia has made significant strides in solar energy, with solar farm capacity exceeding 20GW across ASEAN countries. Despite this rapid growth and ambitious ...

"Most people have a feeling that yes, energy storage is going to be part of the solution, but they don't know exactly what benefit it is going to provide in terms of emission reduction, plus also in terms of ...

Clean energy innovations are breaking records, but investments in grid and energy storage systems are critical to fully capitalise on them.

Ditto, and to (2) you could add "I won't be in next week". In fact, you could take a week off trying to decide which one to use . They are all in the same register, and for normal conversational ...

Yeah. It's not too common though. The two most common formulations are: I get off work at 5. and I get off of work at 5. At least where I live, "get off from" is used, but not as readily as those ...

Four original case studies of solar power inverter systems with lithium batteries deployed in Southeast Asia--design choices, performance insights, and how storage cuts diesel and grid costs.

This study investigates the impact of off-grid solar photovoltaic (PV) systems on electricity accessibility and agricultural sustainability in rural South Asia, employing panel data methodology: ...
