How can a custom Solar System help a client in Ottawa?

This client in the Ottawa area was facing consistently high electricity bills and had no backup solution during outages. We installed a custom solar system paired with 28.8 kWh of battery storage--giving them the power to dramatically reduce their hydro bills and keep their essential loads running even when the grid goes down.

Why should you choose a solar company in Ottawa?

Most solar companies are about the sales. We're about lasting systems -- and bringing the future of Ottawa solar power to your home and business. From Cumberland to Carleton Place, we're not a call center with a crew. Our local roots run as deep as our experience -- and we couldn't be prouder to have installed our neighbours' solar panels since 2009.
