Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises -- JinkoSolar, LONGi, Trina Solar and JA Solar -- collectively shipping over 320GW and dominating the industry.

Which country produces the most solar panels in the world?

The Asian industry continues to dominate the global ranking of solar panel manufacturers. Chinese companies hold eight of the top ten spots, including the entire podium. Who are the top 10 photovoltaic module producers in the world?

How big is the global solar photovoltaic (PV) market?

The Global Solar Photovoltaic (PV) Market was valued at USD 219.3 Billion in 2024 and is projected to reach USD 419.6 Billion by 2030, growing at a Compound Annual Growth Rate (CAGR) of 11.4% during the forecast period (2024-2030).

Who are the leading manufacturers of solar panels?

1. LONGi Green Energy Technology Co., Ltd. LONGi is the world's largest producer of monocrystalline silicon wafers and a leading manufacturer of high-efficiency solar modules.

Top 10 Solar Panel Manufacturers by Global Shipments (Q1-Q3 2025) During the first three quarters of 2025, the photovoltaic industry has reached a new balance among the leading manufacturers. ...

Global photovoltaic industry, 2024 ranking Who are the top 10 photovoltaic module producers in the world? Each year, Wood Mackenzie answers this question with an analysis of the 40 largest solar panel ...

Based on the 2025 market shipment forecast and technology analysis, this report provides an in-depth overview of the world's top 10 photovoltaic module manufacturers to help enterprises make informed ...

GLASHAUS POWER - Looking for reliable solar photovoltaic panel manufacturers? This guide ranks leading global producers, analyzes market trends, and reveals what makes top-tier suppliers stand out in 2024's ...

The Global Solar Photovoltaic (PV) Market was valued at USD 219.3 Billion in 2024 and is projected to reach USD 419.6 Billion by 2030, growing at a Compound Annual Growth Rate (CAGR) of ...

Explore the biggest solar panel manufacturers and top-tier brands: a detailed comparison of the solar industry's big players.

Abundant sunlight, falling solar panel costs, and large-scale manufacturing capabilities also drive market expansion. Additionally, strong economic growth and rising environmental awareness are accelerating solar ...

A massive gap exists between the annual production capacity exceeding 1000 GW and global market demand (estimated global new installations in 2025 at approximately 500-600 GW). This "supply glut" ...

The world's top 10 solar photovoltaic (PV) module manufacturers shipped a record 500 gigawatts (GW) of modules in 2024, nearly doubling the previous year's volume, according to Wood Mackenzie's new ...

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players ...
