What is a 40 ft container used for?

40ft units can be used for commercial, residential, and shipping industry applications. There are a few types of 40-foot shipping containers, but the most common one is the standard dry 40' shipping container. These storage containers are easy to load and unload and can hold products that are dense or have a lot of weight.

Where can I buy used 40ft shipping containers?

Buy Used 40ft Shipping Containers at a lower cost for your storage needs at Shipping Container Depot. These high-quality, robust, slightly used containers are perfect for storing bulky objects that wouldn't fit a 20ft shipping container or a 20ft HC container.

What is container farming?

In the decade since then, container farming has evolved into an important subset of the indoor agriculture industry. Used or purpose-built 40-foot containers are used as shells to house hydroponic farms which can be set up vertically or horizontally. The containers are climate controlled and use indoor growing lights to replicate the sun.

What sizes are available for agricultural storage?

Our most popular solutions for agricultural storage are the 20- and 40- foot containers. We also have a range of products in other dimensions that can be customized to fulfill your specific needs. Other options include double-door and high-security storage, which are ideal for storing high-value equipment.
