Spanish independent power producer (IPP) has energised the fourth phase of its flagship solar-plus-storage project in Chile, Oasis de Atacama.

Copenhagen Infrastructure Partners (CIP) has reached final investment decision on a 220MW/1,100MWh battery energy storage system (BESS) project in Antofagasta, Chile.

In November 2023, Spain-based Grenergy announced it would build a USD 2.6bn BESS in Chile's northern region of Atacama. Construction works are expected to be completed in 2026.

Spanish independent power producer (IPP) has energised the fourth phase of its flagship solar-plus-storage project in Chile, Oasis de Atacama. Dubbed Gabriela, the fourth phase of the Oasis de ...

The Chilean arm of French energy giant Engie has begun construction of the Lib&#233;lula solar-plus-storage project and expects commercial operation before September next year.

The Background ENGIE's 638 MWh BESS Coya project in Chile is set to become Latin America's largest energy storage facility and a global benchmark for DC-coupled solar-plus-storage. A project ...

The 112 MW battery with 5-hour storage capacity will be the largest battery storage system in Latin America. Smart and innovative solutions integrating 4 technologies to accelerate ...

XYZ Storage Technology Corp., Ltd. (&quot;XYZ Storage&quot;) recently completed the installation of 68 battery cabins and 34 power conversion systems for its 117MW/262MWh energy storage project in the ...

Project Arena, a 220 MW / 1,100 MWh battery energy storage system (BESS), will be one of the first large-scale standalone BESS projects in Chile to reach commercial operations. On site...
